

**NATIONAL CONSUMERS ELECTRICITY
ADVOCACY PANEL**

OCTOBER 2005 UPDATE

Summary of funding decisions from the meeting of 27 October 2005

Consideration of Application

Application 158: Energy Action Group - Respond to SCO paper on development of a national framework for distribution and retailing regulation.

The Panel resolved that:

- \$20,000 excl GST be provided for a submission in response to the MCE paper of which some of the funds should be spent on external editorial assistance with the preparation of the submission; and
- The application for funds for legal advice be deferred until more specific information on the purpose of the legal advice is provided and, if necessary, the application could then be dealt with as a stream 4 project.
