

NATIONAL ELECTRICITY CONSUMERS ADVOCACY PANEL

Summary of funding decisions made by the Panel during April 2008

1. Application 305: Energy Users Association of Australia - Impacts of an emissions trading scheme on the NEM

The application for funding of stage 1 of the project was approved in principle provided that within a week the EUAA provide to the Panel a more focussed statement of the desired outcomes for stage 1, the EUAA agree to provide a draft copy of its report on a confidential basis to CALC for the information of the Consumer Roundtable and the EUAA confirm that the stage 1 report will be submitted in time for consideration by the Garnaut Review.
